Reliable Hire Every Time

WALL CHASER

Used for cutting the channels in concrete walls to run conduit, this unit will cut down to a depth of 40mm and is equipped with an attachment for a vac to ensure minimal dust.

SMALL BREAKERS

These light weight hammer drills are great for all the small jobs, including breaking on walls, tiles or any job where you need to hold the breaker suspended for any amount of time.

EXPLOSIVE NAIL GUN

Perfect for attaching wood to concrete with charges available to suit all applications. There isn't much this nail won't hold.

MEDIUM BREAKERS

By far the most popular size used for breaking concrete and bricks, will handle most breaking jobs onsite.

PASLODE NAIL GUNS

Available in fixing and framing, Paslode are the most respected name in the business, great for house & deck builds.

LARGE BREAKERS

Our "T Bar" style large breaker is lighter than you may think. This is the breaker you use when the job is just too big, will break most thick concrete and bricks with ease.

SECRET NAILERS

Designed for hiding the nails of tongue and groove flooring out of sight, hence the "secret nails".

FLOOR & HAND DIAMOND GRINDERS

Diamond grinders with various grades to get your desired final finish. Both floor and hand rinders available with vacuum attachments to minimise dust.

17cfm COMPRESSOR

The perfect sized site compressor to run all types of air powered products including: nail guns, air guns and much more.

TOWABLE COMPRESSORS

Our 175 cfm compressors have enough power to run any tools you may need to get your job done including blowpipes and rockbreakers.

This is only a Brief Overview of what we have on offer so if You Don't See it just Ask!

TROWELING MACHINES

Our concrete power trowels are the best you can get. Providing a great finish on concrete slabs, these guys will get the job done to the finest standards.

UPRIGHT RAMMERS

Our upright rammers are popular for compacting in tight areas such as ditches. They provide a tough finish and are a favourite with plumbers and landscapers.

COMPACTORS

Our vibe plates are forward propelled, easy to use and available in standard size or the larger DPU unit with forward and reverse.

PORTABLE VIBE SHAFT

This portable unit is best used for smaller hard to reach jobs, a very popular unit with concreters.

FLEXIBLE DRIVE SHAFT

Add this to the Drive motor for the best concrete aerator unit available.

DEMO SAW

Our demo saws are lightweight and powerful, Available in 14" and 16" and also available on trolley for long straight cuts.

FLEX DRIVE PUMP

Coupled with the drive motor, this pump will move the water and thicker sludge that other pumps struggle with.

ROAD PLATES

Traffic rated road plates, 2.4m x 1.2m and 25mm thick Great for covering temporary holes both onsite or on the road.

DRIVE MOTOR

flex drive motor can be coupled with the flex drive trash pump for removal of muddy water and the flex drive concrete vibe shaft to make light work of your concrete pours.

ELECTRIC SUBMERSIBLE PUMP

This 2" water pump is great for quickly and easily draining away unwanted water from pools and trenches. Available in float or manual power.

Reliable Hire Every Time

FORKLIFTS & TELEHANDLERS

We have a wide range of forklifts and available in Gas or Rough Terrain. Our telehandlers are top of the range and built to handle the toughest sites.

PRESSURE WASHERS

Pressure washers available in 4000psi petrol or 2000 psi electric Great for washing down any jobsite big or small.

GENERATORS

We have a range of generators available to power most of your tools and equipment. Constructed in a portable trolley type cage this makes for easy portability.

DUCT LIFTERS

Make your job easy with a 5m or 7m ductlifter, with a lift capacity of 250 kg Great for lifting steel beams into position.

INDUSTRIAL WET / DRY VACS

Great for cleaning the site when you are done, attaching to concrete care tools or even just to clean up the water stained carpet. With twin motors there isn't much one of these wouldn't suck up.

MINI KANGA BUCKET & KANGA AUGER

We have Kanga loaders instock available in small (800mm wide) and large (1100mm wide) with 4 in 1 bucket and augers available from: 200mm to 600mm.

PLANKS AND TRESTLES

Aluminium trestles available in various sizes with planks from 3m to 6m.

CARPET BLOWERS

Dry out wet carpet or concrete quickly with this powerful carpet blower. Guaranteed to air out anything quickly.

LADDERS

We carry a huge range of ladders. From step to extension to platform, whatever your height I'm sure we will have the ladder to get you there.
